

ASIA-PACIFIC · 2026

Fees & tiers. Regionally priced. One standard.

PRI uses a three-tier banding model so the same programmes, examinations and membership are reachable from every market we serve across Asia-Pacific. All fees are set in AUD by country of residence.

PROGRAMMES VS CREDENTIALS

PRI programmes provide structured learning and award a Certificate of Completion. PRI credentials (ARO, CRO, SCRO) are awarded separately and recognise demonstrated capability, experience and professional judgement. Completion of a programme does not guarantee certification.

CERTIFICATIONS & PROGRAMMES · AUD

Programme, examination & recertification fees.

ARO and CRO programmes are three-day live virtual cohorts followed by a proctored examination. The programme delivers structured preparation and a Certificate of Completion; the professional credential is awarded separately on the basis of demonstrated capability. SCRO is conferred by the PRI Board and has no academic component. Recertification keeps credentials in good standing and unlocks complimentary Standard membership.
